# Affordable Access Control For Your Club

The system consists of one PXL500 Micro Processor Controller this primarily controls all card access and door control to your Building, an Ms3000 Proximity Card Reader (Vandal Proof) is usually mounted adjacent to the front Entrance/Door thus allowing patrons access via card/fob entry. A Maglock is used to secure and control the door access, a release button is installed to allow exit from the building. All hardware/control equipment is housed within a lockable steel enclosure and a standard Rs232 Link is supplied for PC Communications and Patron Activity Reports. This system is simple to use with full training and backup included.

## Complete Systems Fully Installed From £1195.00

**(Door Entry Access Cards Start From £1.79 Each Ex. Vat)**
